

Non-Destructive Testing (NDT) Lab & Field Inspection Services

TOTAL NDT SOLUTIONS PROVIDER

At MISTRAS Services in Hartford, we provide traditional NDT (Non-Destructive Testing) with a complete range of inspection and QA/QC services. Our advanced technologies allow companies to optimize their inspection dollars with reliable, repeatable, and accurate inspection techniques. Services are available throughout our dynamic network of laboratories or can be deployed to the field seven days a week, 24 hours a day.

Our services are always provided by trained and experienced professional technicians and are supported by our engineering and management teams helping to enhance safety, improve quality and reduce costs.

Our facilities serve all of New England with pickup and delivery services available.
