Real Careers. Real Growth.

These real stories show how experience, mentorship, and opportunity come together to support meaningful, long-term careers at MISTRAS.

Dustin Fikowski
General Manager, Western Canada

A career in NDT gave me the opportunity to grow professionally while adapting to every stage of my life. From starting as a trainee to earning multiple certifications and leadership skills, MISTRAS supported my development every step of the way—while offering roles that fit both my career goals and my family's needs.

Russell Higgins
National Accounts Director U.S.

I joined MISTRAS with no prior experience—just a willingness to learn and work hard. What's kept me here is knowing that your career path is truly driven by you. With the right effort, MISTRAS provides the training, support, and opportunities to grow, offering roles that adapt to every stage of life while building a long-term, rewarding career.

Jimmy Quaid
General Manager, Gulf Region U.S.

My career at MISTRAS shows what's possible with strong mentorship and a culture that encourages growth. Starting as a Level II inspector, I was supported in expanding my certifications, taking on leadership roles, and progressing through operations, quality, and management. Today, I'm proud to help mentor the next generation of technicians and support their career development.
