

Quality Policy Statement

Management **COMMITTS** to a quality assurance program that:

Creates a positive, proactive quality culture in line with the,

Organization's Mission, Vision and Strategic direction.

Meets client and regulatory requirements to,

Maintain a high level of client confidence.

Improves processes, products, systems and services.

Treats employees fairly by promoting a,

Safety Conscious Work Environment: an environment where employees are encouraged and feel free to raise questions or concerns without fear of harassment, intimidation, retaliation, or discrimination.
